Our Story

Made for little moments of happiness.

At Jappie, we believe the best treats do more than satisfy a craving — they make everyday moments a little brighter.

From playful candies and chewy favourites to chocolate treats, biscuits, snacks and crispy wafers, Jappie brings together a growing world of flavours made to be enjoyed, shared and remembered.

Our personality is simple: bold flavours, joyful choices and plenty of fun. Every Jappie product is created with its own character, while staying part of one colourful family made for different tastes, ages and occasions.

Whether it's a quick treat, something to share with friends, or a favourite you keep coming back to, we want opening a Jappie pack to feel like opening a small moment of happiness.

The logo for 'Jappie' is centered in a white rectangular box. It features the brand name in a playful, rounded font. The 'J' is dark blue, while the 'appie' is yellow with a dark blue outline. The background of the entire image is a light cream color, decorated with various wafer products: chocolate-filled wafers at the top, vanilla wafers on the left, and pink strawberry wafers at the bottom right. There are also chocolate shavings, a chocolate swirl, and fresh strawberries scattered around the products. The design includes abstract yellow and blue shapes in the corners.
